Product Rationale:

CosMedix provides the essential vitamins, minerals, and phytonutrients necessary for optimal hair and nail growth and health. It was formulated by *Dr. Hauser* and is suggested to be used with Alpha Base (Multi-Vitamin/Mineral).

Dry and brittle hair may be a result of a physiological problem with either the thyroid or liver. CosMedix supplies nutrients resulting in poor nutrition.

CosMedix contains Saw Palmetto. Male pattern baldness is the result of high levels of dihydrotestosterone (D.H.T.). Saw Palmetto inhibits the conversion of testosterone to D.H.T.

Poor hair health can also be a sign of sulfur or HCl deficiency. For these reasons, MSM and Betaine HCl are added.

Premature graying is a sign of PABA deficiency. Also, Horsetail Grass Powder is added for a source of silica which plays a role in nail and skin formation.
